JAPAN'S NAVAL HERO TOGO TO BE HONORED ATTENTIONS PAID VISITOR

Will Review Atlantic Fleet From
Nebraska's Bridge.

TO BE GUEST OF OSTERHAUS

Crowning Event of Togo's Visit to
America Will Take Place Next
Thursday Off Provincetown, Mass.,
When Battleships, Cruisers and Tor-
pedo Boats Will Maneuver For His
Pleasure—Attends "Night Gown" Party at Home of Japanese Consul.

New York, Aug. 12.—One of the
highest honors ever conferred upon a
visiting naval officer of a foreign fleet
will be bestowed upon Admiral Togo,
who next Thursday will take his
place on the bridge of Rear Admiral
Osterhaus' flagship Nebraska of the
Atlantic fleet and witness the maneu-
vers of the big battleships of the
division.

Admiral Togo, according to the
plans of Acting Secretary of the Navy
Winthrop, will be met at Boston on
Thursday by a torpedo destroyer and
be conveyed across the bay to the
Nebraska. After he has been received
with full honors aboard Rear Admiral
Osterhaus' flagship and has
been introduced to the officers of the
fleet, the admiral will be entertained
at luncheon aboard the Nebraska.
Then orders will be given for maneu-
vers, and all the battleships, destroy-
ers and submarines will deploy under
his eyes.

Admiral Togo enjoyed a few un-
alloyed hours of home comfort when
at a private dinner given to him and
a few other Japanese men of promi-
nence. Consul General K. Midzuno
and Mme. Midzuno converted the
dining room of their home as nearly
as possible into a guestroom of the
home country and gave the admiral
a dinner that was Japanese even to
the method of serving. The admiral
thoroughly relaxed himself. He re-
laxed himself so far that he dined in
his night gown. And all of the other
guests dined in their night gowns, as
well as the host, Consul General Mid-
zuno.

Looks Like Klimona.
Oh, no; it was not the American
style night gown. It was in a ukata
that the admiral supped his fish soup
from delicate gold lacquer bowls.
Now a ukata is a loosely hanging kimono
of lightweight material that
drops straight from the shoulders and
is girt about the waist by a thin cord.
It is cool and comfortable. In Japan
it is the custom for every man, the
day's work done, to take a boiling-
hot bath and then slip on a ukata for
evening and night wear. He doesn't
hesitate to take a little stroll in the
street clad in his ukata. A foreigner
would have to be told that a ukata
is a night gown and he would then
straightway go and provide himself
with one.

Admiral Togo, perhaps through his

Before House Committee.

Mystery Of Life Is Solved

French Scientist Claims to Have
Created Frog.

New York, Aug. 12.—A special ca-
ble dispatch from Paris says:

Scientific circles have been aroused
here by the announcement that Ba-
tallion, a French scientist, had at last

solved the great problem of science

and succeeded in creating life. But
the original statements are now mod-
ified.

Batallion says: "Loeb in America
and Delage in France have succeeded
in producing life artificially from the
egg of the sea urchin, which is the
lowest form of animal life. My own
experiments have been along similar
lines, except that I have worked on
higher forms of life. I have succeeded
in 'creating' a frog.

"The process was long and uncer-
tain. Out of 100,000 eggs not more
than 400 have produced life. Out of
all my experiments I can show at the
present time only one tadpole now
alive."

The Pulpit For Bryan Rumor

Rumor Says Politician Will Take Up
Religious Work.

Centralia, Ill., Aug. 12.—W. J. Bry-
an, it is reported, is soon to enter the
ministry and give up politics alto-
gether. He is scheduled to deliver a
sermon tomorrow evening from the
pulpit of the Methodist Episcopal
church at Salem, Ill., his birthplace,
near here. Church services are to be
dispensed with in other parts of the
city and all will unite in one service at
the Methodist church. The sub-
ject of Mr. Bryan's sermon will be
"Old-Time Religion," and will be a
criticism of the conditions of modern
worship.

Prisoner Killed In Court

Christopher, Ill., Aug. 12.—Martin
Shadowen, when ordered by Justice of
the Peace James Mormon to jail on
charge of attempted murder, drew a
revolver and shot the justice in
the arm. He then tried to fight his
way through the crowded courtroom,
and wounded three other men before
he was shot to death.

Quits Health Board

Dr. Probst Assigns Politics as Reason
For Resignation.

Columbus, O., Aug. 12.—Dr. C. O.
Probst, for 25 years secretary of the
Ohio state board of health, made
known that he has tendered his res-
ignation, which has been accepted.
Dr. Probst will quit the service of the
state on Sept. 30. His reason for re-
signing, says Dr. Probst, is that under
the present regime he is not per-
mitted to direct the affairs of his de-
partment as he sees fit. He is a Re-
publican.

Burned by Motorcycle.

Wellington, O., Aug. 12.—While
riding on a motorcycle with her
brother Perry, Miss Mary Knapp was
nearly burned to death, her skirt
catching fire from the overheated
cylinder.

UHLAN TAKES THE WAGON RECORD

Son of Bingen Wins Fresh
Laurels at North Randall.

TROTS WONDERFUL HALF MILE

Major Delmar's Record Clipped by
3 3/4 Seconds by Gelding Driven
by Billings and Paced by Runner,
the Half Mile Being Covered in
56 1/4 Seconds, Which Is Within
Quarter Second of Dan Patch's
Record to Sulky.

Cleveland, O., Aug. 12.—In the
wonderful time of 56 1/4 seconds
Uhlans gelding son of Bingen, trotting
to wagon, clipped 3 3/4 seconds
from the record established by Major
Delmar in 1906. The time not only is
a trotting record half mile to wagon,
but was faster than Major Delmar's
59 1/4-second half mile to sulky and
only a quarter-second slower than Dan
Patch's paced half mile to sulky.

The half mile was trotted with Bill-
ings, Uhlans owner, in the little
wagon, alongside a runner driven by
"Doc" Tanner, Uhlans trainer. The
first quarter was trotted in 28 1/2 sec-
onds, against a stiff breeze. The sec-
ond quarter, with the wind at the
gelding's side, was done in 27 3/4 sec-
onds; the final eighth mile in 13 1/2
seconds, a 1:46 mile clip.

Billings and the gelding were
cheered rapturously by the 9,000
horse owners present at the final
day's Grand Circuit meeting.

In addition to Uhlans, another champion
was brought forth. Peter Thompson,
son of Peter the Great, upsetting
the 3-year-old trotting gelding, mark
of 2:11 1/2, set by Peter Stirling in
1901, by winning the second heat of
the three-year-old sweepstakes in
2:09 1/4. Peter Thompson's two-heat
victory was a big surprise, Lady Jay
being a \$50 to \$30 favorite. Peter
Thompson distanced Lady Jay and
Young Mac, the fourth entry, in the
second heat.

After a Long Session London Strike is Settled

SENATOR BAILEY

Demonstrates That He Is
Country's Leading Resigner.

Standard Pays the Costs.

Washington, Aug. 12.—Uncle Sam
received from the Standard Oil com-
pany a check for \$42,395.69, in pay-
ment of the court costs of the disso-
lution suit against the oil trust.

Dean Comes On Time.

New Philadelphia, O., Aug. 12.—After
buying a coffin, naming his pall-
bearers, selecting the text of the fu-
neral sermon and the songs he wanted
sung, A. R. Howell, a Panhandle
railroad man, went to bed in his
home in Gnadenhutten and died a
few hours later.

ASTOR'S DREAM OF PEERAGE SHATTERED

Action on Veto Bill Will Bar
Ex-American

BRITTON BY CHOICE LOSES OUT

Action on Veto Bill Will Keep Astor
Out of Peerage.

London, Aug. 12.—William Waldorf
Astor, multimillionaire, American by
birth, Britton by choice, and descen-
dant of the original John Jacob, who
laid the foundation of the Astor for-
tune by skinning skunks and other
fur-bearing animals, just completed
the fight of his life for an English
peerage. He lost. The passage by
the house of lords of the veto bill
ended Astor's dream.

Astor purchased the Weekly Ob-
server, and its powerful appeals of its
brilliant young Irish editor, J. L. Gar-
vin, crystallized the opposition to
Balfour and Lord Lansdowne, whom
he has bitterly characterized as
"traitors" and "hedgehogs."

Government by the people is a
reality in England. From every sec-
tion congratulations pour in to Pre-
mier Asquith and his able lieuten-
ants who made possible the people's
right to plan and enforce their own
fiscal legislation.

The house of commons, made up of
members elected by the people, and
who will in the future be salaried
officials, is to be sole factor in making
up the annual budget, deciding what
shall not be taxed, and running the
British government. Heretofore the
house of lords had equal power with
the commons in all legislation.

Fatally Wounds Neighbor.
Portsmouth, O., Aug. 12.—Thomas
Patton shot and probably wounded
John Wiehle, 45, who tried to drive
his threshing machine through Pat-
ton's farm. Eight threshermen wit-
nessed the quarrel, but before they
could separate them Patton had fired
and barricaded himself in the house.
Constable Jones arrested Patton.
Wiehle is wealthy and owns a num-
ber of sawmills.

Chamber of Commerce Lines Up Last Union.

London, Aug. 12.—George Rankin
Asquith, comptroller general of the
commercial, labor and statistical de-
partments of the board of trade, after
a session of 13 hours has settled
the last outstanding dispute—that of
the lightermen. The strike is now at
an end and all work will be resumed
on Monday, though many returned to
work today.

Before the settlement was actually
reached the situation had improved
greatly, and conditions in London
were better all around. The govern-
ment's action in recognizing the facts
in the case had no small effect in ex-
pediting the settlement. Knowledge
of the fact that 20,000 troops were
ready to enter London within a few
hours to protect and enable men to
work who were willing, had the ef-
fect of causing less intimidation upon
the part of the strikers. Vans with a
police escort were able to leave the
docks and railway stations all day,
and supplies were taken to Smithfield
market, Covent Garden and Billings-
gate. There were very few encoun-
ters between the police and strikers,
and none were serious.

Two Detectives Killed.
Detroit, Aug. 12.—Taken for the car-
thieves they themselves were hunt-
ing, Frank J. Cook and Dan Vreeland,
special officers for the Lake Shore
road, were shot dead in the Michigan
Central yards. The man who did the
shooting, the police believe, is Wil-
liam Barnett, a Michigan Central de-
tective.

DENIES PANIC STORIES HEAD OF COMPANY CONFLICTS WITH PERKINS

Rumors Are Denied By Physician

Thorne Says Trust Company of
America Financially Strong

NOT LIKE PERKINS' VERSION

Latter Excused by Stanley Committee
After Four Days on Witness Stand.
Is Thanked For Courtesy by Chair-
man Stanley—Declares in Favor of
Publicity For Corporation Affairs
As Remedy For Existing Trust
Evils—Littleton Favors Scheme.

Washington, Aug. 12.—Before the
Stanley committee, Oakleigh Thorne
of New York, president of the Trust
Company of America, denied that in-
stitution was one of the sore spots in

company was in a bad way in Octo-
ber.

(Continued on Page 6.)

Cripples Annually Visit Church In Hope Relic Will Cure Them

Photos by American Press Association.

THOUSANDS of sufferers visited the little church of St. Jean Baptiste in East Seventy Sixth street, New York, recently during the annual novena when the sacred relic of St. Anne was on view for nine days. The visitors went in the belief that they would be cured of the various ills from which they were suffering through the miraculous intervention of St. Anne, the mother of the Virgin Mary. The sacred relic is, according to the church authorities, a piece of the bone of the right arm of St. Anne. Legend says that after the crucifixion there was violent persecution of all the followers of Jesus, and even the dead were not safe. To preserve it from desecration the body of St. Anne was removed from its grave in Jerusalem and was taken to Constantinople, where it remained under close guard for some years, until it was again moved to Apt, France, where it remains. One arm was re-moved about 710 and was taken to Rome, where it has since been guarded by Benedictine monks. The relic in the New York church came from this arm in 1892. A similar relic is kept at the church of Ste. Anne de Beaupre, twenty miles below Quebec. Marvelous cures have been reported there each year, and similar cures have been reported during the annual novena at the New York church. During the recent novena from 10,000 to 12,000 of the devout visited the shrine daily. The pictures show a group of visitors at the church and a cripple who hoped to be miraculously cured.

TRAFFIC TIED UP B. & O. FREIGHT WRECK AT THE HAINES SWITCH

All traffic on the B. & O. was tied up for many hours Saturday morning by a small freight wreck on the B. & O. S. W. railroad at the Haines switch, immediately west of Madison Mills, where the engine left the rails at an early hour.

Royal Blue Flyer No. 105, due here at 5:02 a. m., was delayed several hours, and the northbound morning train due here at the same time, was also held up, together with a number of freights, causing a general tie-up on the road.

It was necessary to call a wrecker to put the freight engine back on the rails.

The engine left the rails at the point where the evening train plunged into the ditch three years ago, killing the engineer and throwing the fireman over into an adjoining cornfield.

What caused the engine to leave the rails this time, was not learned.

Twenty-eight Burned to Death

Special to Herald.

Berlin, Aug. 12.—Dispatches received here say that 28 people were burned to death and 300 homes destroyed in big fire at Kostroma, Russia.

"Twenty-three" For Joe Stewart

In the regular order of departure, Joe Stewart's "license" number is 135, he being the 135th man who has hearkened to the "23" order and left the city at Mayor Allen's request.

Joe Stewart, colored, was in a certain game of poker last fall, and left the city to prevent paying a fine. During the mayor's absence last week, he "snuck" back into the city and was picked up upon the mayor's return. Fifty dollars and costs was amount handed him, and this was suspended providing he would shake the dust of the city from his heels. This he was glad to do, and did.

English Strikers Grow Riotous

Special to Herald.

Liverpool, Aug. 12.—Strikers today attacked soldiers and looted shops. Bosses are threatening to lockout all workmen.

Fire on Trestles Discovered in Time

Yesterday was hoodoo day for the D. T. & I. and two trestles in this county were discovered to be on fire, each being saved from destruction by immediate action on the part of those who discovered the flames.

The trestle across Paint creek in this city took fire from coals dropped by a passing freight. This occurred about 8 o'clock and before the blaze had gained any headway it was discovered by Henry Jenks, D. T. & I. car inspector, who extinguished it with a pail of water.

The other fire was on the trestle just south of the city and this was also discovered and extinguished before it damaged the trestle to any extent.

J. H. Williams, editor of the Record Republican, is spending the day in Jackson.

Togo To Be Honored

(Continued from page one.)
innate sense of courtesy, is losing temporarily at least, his famed tact. He did not hesitate to express himself in measured terms concerning the honor that he feels is being paid him by the nation and the people, and he also had something to say about President Taft.

"I was greatly pleased. I thought it one of the greatest honors of my life to be able to meet your president," he said. "My admiration for him is great. I believe that he is a great man and that America must be a great country to produce such a man. The complimentary toast which he made the emperor of Japan at the dinner where he entertained me will do much, I am sure, to bring closer the friends in between this country and our own."

Pumpkin Show At Circleville

On Thursday, August 24, a special seed and soil agricultural train will be run over the B. & O., making stops along the line where lectures will be given, and the citizens will have an opportunity of examining the various displays.

The train will reach this city on Thursday, August 24, at 3:15 p. m., and will leave at 4:45 p. m., giving one hour and thirty minutes at this point. It reaches Bloomingburg at 1:30 p. m. and leaves at 3:00 p. m.

The train reaches Sabina on the same day at 5:10 and leaves at 6:40. Lectures will be given by the following persons: Prof. F. E. Bear, Prof. C. G. Williams, Prof. M. A. Cachtell, Prof. G. Livingston, Prof. C. J. Grant and Prof. H. C. Ramsower. Illustrative bulletins will be distributed.

The train will contain three especially equipped coaches and all lectures are free.

Coming as it does on one of the big days of the Fayette County Fair, the crowd attending the lectures will probably be smaller than it would be if the fair was not in progress.

A KING WHO LEFT HOME set the world to talking, but Paul Matulka, of Buffalo, N. Y., says he always KEEPS AT HOME the King of all Laxatives—Dr. King's New Life Pills—and that they're a blessing to all his family. Cure constipation, headache, indigestion, dyspepsia. Only 25c at Blackmer & Tanquary.

ONE OF MOST SUCCESSEUL TEACHERS' INSTITUTE LARGEST ENROLLMENT

Thursday afternoon was a very interesting session, notwithstanding it was very hot. Miss Edna Bell favored the Institute with two excellent readings, after which Prof. Martzoff was given the entire period to deliver his excellent lecture on "Ohio." Everyone pronounced it one of the finest they ever heard. On account of the rush in business on Friday the election was held Thursday evening. The following officers were elected unanimously:

—Miss Amy Conn, president; Miss Edna Thompson, secretary; Supt. M. E. Wilson, member of executive committee; Hartman and McClain are the other members of the committee. Friday morning Prof. McMillan gave an extra lecture to young teachers on "What to do the First Day," which was appreciated by all.

Prof. McMillan also gave the special lecture on "Temperance," which was well received. Several members of the W. C. T. U. were present.

Prof. Martzoff then gave a talk on "The Battle of the Lakes."

The attendance has been fine at this institute, 151 members have paid up for the year. Everyone pronounced the institute excellent.

Too much praise cannot be given to those in charge, especially our retiring president, Mr. O. R. Ladd. He looked after all their wants unless they had something to sell. The secretary, Miss Thompson, who was ever present and to Supt. McClain for his work to make it a success. The instructors had a pleasing way with all and their instruction was well received.

The committee on resolutions, Mrs. Brown, Mrs. Anders and Miss Kirk, reported the following resolutions:

RESOLUTIONS.

WHEREAS, The session of the Fayette County Teachers' Institute for the year of 1911 has been a most successful one in the matter of instruction, entertain-

ment, attendance and other particulars; therefore, be it

Resolved (1), That we, the teachers of Fayette county in institute assembled, do hereby express our appreciation of the efforts of our able and efficient instructors, C. L. Martzoff and J. V. McMillan; that we realize there must follow in this county a marked advancement in the educational conditions due to the inspiration and instruction of these men. (2) That we tender our thanks to all those who have contributed to our pleasure and convenience at this present session. (3) That we commend the diligence and labors of the officers and executive committee for the excellent management of the institute this year; be it further

Resolved, That we approve and commend the tendency toward a higher professional standing among teachers and those preparing to teach, as is evidenced at the present time by the large attendance at normal and summer schools and the interest manifested in our county Institute.

MINNIE L. BROWNE,
GEORGINA KIRK,
BESS K. ANDERS.

Regular meeting of Royal Chapter No. 29, O. E. S., Monday evening, August 14, at 7:30 o'clock.

RILLA COFFMAN, W. M.

EMMA M'K. SWOPE, Sec'y.

**FINE POINT IN LAW
TEACHER SUES FOR SALARY
SCHOOL HOUSE WAS BURNED**

A suit somewhat out of the ordinary, and the result of which will be closely watched by boards of education and teachers, was filed in Common Pleas court Saturday morning by Attorney Tom S. Maddox, and is styled C. L. Anders against the Board of Education of Green Township, Fayette county.

Mr. Anders brought suit for the sum of \$416, the amount of last year's salary, and also for \$10 for attending the Teachers' Institute.

The Board of Education, consisting of C. B. Grable, S. M. Roush, W. H. Blair, B. H. Coffey and H. E. Patton,

is alleged to have entered into an agreement with Anders, who is one of the county school examiners, to teach one of the schools in Green Township, and the building was burned down, throwing him out of a place to teach.

The contract price was \$52 per month, and Mr. Anders holds that he is entitled to this amount for each of the eight months of the school term, but he board of education has refused to pay it. The suit is somewhat of a friendly nature to ascertain if a teacher may collect his salary under the circumstances mentioned above.

The Examiner's Report Shows Fayette Officials Capable and Not Far Wrong

The voluminous report of State Examiner Edwin E. Hall, who spent several weeks in this county examining the books and papers of the county, covering the period from May, 1909, to May, 1911, has been received, and the total amount alleged to have been drawn illegally by officials and others, reaches the sum of \$4405.58.

Compared with other counties the amount of the alleged irregularly drawn funds is small, and practically the entire amount is hinged on some little technicality, and it is believed that not one dollar was drawn with the knowledge that it was illegal. Oversight in the law is supposed to be the cause.

The greatest amount is mentioned in connection with the Infirmary Directors, the amounts being given as follows: Paint and labor for Infirmary, \$1521.10. This was said to have been irregular because it was not let at competitive bidding, and not because the money was not actually spent. The other amounts are: Livery hire for W. C. T. U., \$15. Same for infirmary directors, \$23, and disbursements by Superintendent, \$2507.93. This latter was mentioned because the superintendent had paid the amount out of his own pocket until such meeting of the directors was made and he was reimbursed for the amount.

Union township trustees, \$287.18; Jefferson township trustees, \$65.70, and Madison township trustees, \$263.49. This was for relief furnished to poor by the infirmary, which should have been furnished by the trustees of the various townships as above mentioned.

Sheriff Samuel Nelson had \$42.20 assessed against him. This was merely on account of boarding prisoners, etc., where the cost was paid by the county instead of by the city. The examiner states that Sheriff Nelson did nothing dishonest, and complimented Deputy Sheriff Nelson upon the accurate and neat manner in which the books have been kept.

Other claims are: Judge A. C. Patterson, \$95.57; Coroner L. P. Howell, \$34.40; William Devaney, Chief of Police, \$100. This amount was for fees collected from the county, held by the supreme court to be illegal. Other amounts are: Joseph Karriean, ex-chief of police, \$75.35; Fayette Advertiser, \$18.23; Record Republican, \$31.22; Ohio State Register, \$34.37; Auditor Henkle, \$24.70; ex-Auditor H. D. Chaffin, \$39.40. Other persons have small amounts charged against them.

In Social Circles

A charming garden party, with accessions of music and most pleasurable social features, was given Friday afternoon by Mrs. Josephine Kerr and daughter, Miss Bess, in honor of Mrs. George Kerr of Lily Chapel. Abloom with summer flowers and gay with pretty summer toilettes, the lawn presented a kaleidoscopic color scheme and the entire affair was distinctive of the bright summer season. Everyone enjoyed meeting the honor guest and there was an unusual number of out-of-town guests among the fifty young matrons and girls in attendance.

During the afternoon an informal musical program was delightfully rendered. Miss Louise Bradford of Tolono, Ill., who has a sweet soprano of beautiful quality, kindly

Camp Washington News

The big minstrel show passed off splendidly at the scout camp on last night. There was a crowd of 200 and a very enthusiastic gathering it was.

The first part of the program was all minstrel, introducing many new and original songs and jokes, in this the entire company took part.

The second number, a Dutch monologue by Henry Von Dinkerspiel, introduces his funny Dutch sayings and Dutch songs and yodels. Ray F. Zaner, as the Dutchman, made the hit of the evening. Closing the program was an original laugh producing farce, entitled, "The Coronation of King George." The scenery was well placed, and the fellows filled with the proper spirit.

An hypnotic act by Mephisto (Walter Sprenger in the role) created hilarious entertainment, the subjects hypnotized performing all manner of ridiculous stunts.

The minstrels have been the event

until next Tuesday or Wednesday.

Close Call With a Live Wire

Yesterday evening about 5:30, off the spike which probably broke while tightening the ropes of the Fayette County Fair banner at the Katz corner, John Byron became mixed up with the live electric wires on top of the pole at the fountain and had an experience he does not care to repeat. His shoulder and one arm came in contact with the wires, his foot on the iron spike in the pole, his body completed the circuit, he says he could not move a hand or muscle and was helpless from the waist up, but kicked with all his might to get loose, getting his foot

HOME NO. 137—TELEPHONES—HELL, MAIN NO. 170

THE LITTLE GASOLINE ENGINE.

People gaze in wonder, and have cause to do so, too, at the aeroplanes sailing through the air with the precision of a bird, They stare in awe at the aviators who do all sorts of stunts in midair.

Many more enjoy the thrills of automobile riding and are astounded at the feats performed by some of the speed kings. Crowds of idlers stand about and help the workman put in every concrete walk and foundation, watching the interesting mixer grind out the sand, gravel and cement in proper proportions to "set" right.

And so on through a long list of wonderful inventions, but few of those who gravely look and wonder at the marvelous mechanical achievements of the last quarter of a century, pay any attention to the chug chug of the sturdy little gasoline engine which has made the aeroplane, the automobile and the rapid cement mixer possible. Without the accurate gasoline engine the aeroplane falls in response to the strong pull of the earth's attraction and the huge touring car is left a ponderous mass of nothing whenever the engine "goes dead."

The honest little engine which is run by explosions is hidden away in the frame work of the aeroplane, covered up with painted steel in the front of the auto, so as not to offend the sight of the fastidious and coated with dust and grease in the concrete mixer. "Out of sight, out of mind," it furnishes the life of many marvels, the real power that moves.

The gasoline engine has thousands of uses beyond those just mentioned, but in the immensity of its achievements it has modestly permitted itself to be pushed into the back ground.

In its honest toil and its importance to mechanical advance it is like the man who holds the throttle and remains in the back ground in so many of the world's great movements.

The quiet, unobtrusive and modest power back of all and upon which all the pomp and show depend. When people think of the great inventions they should not forget the little gasoline engine.

THE ICE MAN.

While there are, of course, other commodities just as much necessities of life as ice and, while there are probably other dealers in these necessities of life who are just as kind hearted and as generous as the dealers in ice, yet we all of us somehow, feel more kindly toward the ice man as he hurries, early and late over his route delivering his very necessary necessary of life, at this time of year, to his sweltering patrons.

The butcher and the baker and the green grocer man are just as necessary to their trade but their coming is not looked forward to with so much anxiety, and their arrival is not greeted with such joyous acclaim and is not the cause of so much happiness as is the ice man's arrival.

The ice man has more friends and more enemies at this season of the year than any other dealer in life sustaining articles and, with all the pulling and hauling he works early and late, sincerely interested in the work of affording relief to his patrons. If he is not sincere and earnest he is a splendid actor and on that score he should be given credit even if credit be unfairly withheld from him on the ground that a pure and unselfish desire to benefit suffering humanity actuates him.

On the whole, though, it does seem that along about this time of year the ice man shows up on his humanity's friend turn in tip top shape.

There may be others just as good, but they don't show up in the ice man's class during the hot spells.

Defense of Scrappy Little English Sparrow

By B. J. GUSTIN
Aurora, Ill.

Those who hate the English sparrow I advise to take a trip to Elgin, and visit the grounds of the Illinois State hospital. There they will see sparrows, robins, blue-jays, blackbirds, wrens, swallows of all descriptions, song and night birds, living in perfect harmony. Each kind is there by the thousands. Why? Because they have trees to nest in, particularly the pines. In the city we have no trees to speak of outside of the parks, and if the park commissioners would plant some pine trees you would find that the robin, the thrush, the bluejay, the lark and others would return

and stay as of old.

The English sparrow increases in number very rapidly and likes the excitement, as can be seen at Elgin. One mile south or west of the hospital you can hardly find a sparrow.

Sparrows are the best of scavengers among all bird kind, and should you find your young vegetables, just sprouting, being picked to pieces, you can bet your last button that it is the insects rather than the plant that the sparrow is after.

Just think how industrious this little fellow is. Like a bantam, he is full of life, ambition and confidence in himself. Stop talking about the sparrow, watch him both in and out of the city, and you will find he is more energetic than those who condemn him.

Weather Forecast.

Washington, Aug. 12—Indications for tomorrow:

Ohio—Generally fair; cooler in southern portion; light to moderate northwest winds.

THE MOTH AND THE MOON.

The Moth was born by the river's breast,

Born in the sun, with soft, brown wings,

But the sun remembered the ardent West

And sank where the last lark sings.

Shyly the Moon her face unveiled,

Fain for the passion and power of night,

And the brave little Moth unsteadily sailed.

So strangely fair was the sight.

But the pale, proud river, whispering, told

Of a Moon deep down in her lucent tide,

And the trembling Moth grew blithe and bold,

Plunged in for a kiss—and died.

Then the Moon forsook her spacious bower,

Dethroned her stately stars, and wept.

On Earth they said "Tis an evening shower";

But the listening river laughed and crept

By meadows and rushes, until it found

The place where the poor, frail Moth lay drowned;

Then laughed again, and slept.

—The London Academy.

HEALTH HINT FOR TODAY.

Macaroni and Toast.

Macaroni and toast make a good combination. The former is similar in composition to whole wheat bread, while toast provides the opportunity for chewing, which has so important a bearing upon digestion. Macaroni contains more protein than bread and does not, therefore, require the addition of cheese or of meat, and toast is deficient in protein, but furnishes ample carbohydrate. It is always desirable to have in the meal food that induces thorough mastication. This is not, however, advised for an invalid. Toast and milk or toast and eggs, whipped or poached, would be more easily digested and furnish the same nutriment.

Falling Crane Kills Man.

Hamilton, O., Aug. 12—One man was killed instantly and another fatally injured when a crane in the Niles tool works fell on them. Barney Roessel, 60, was badly crushed and died before medical aid reached him. The other, George Sayers, 25, was fatally injured.

Mayor Pardons Woman.

Iola, Kan., Aug. 12—Upsetting the decree of Judge Smeltzer that Mrs. Reese should work out a fine imposed on her on the rock pile, like a man, Mayor Boltinger pardoned the woman prisoner.

THIRTY YEARS TOGETHER.

Thirty years of association—think of it. How the merit of a good thing stands out in that time—or the worthlessness of a bad one. So there's no guesswork in this evidence of Thos. Ariss, Concord, Mich., who writes: "I have used Dr. King's New Discovery for 30 years, and its the best cough and cold cure I ever used." Once it finds entrance in a home you can't pry it out. Many families have used it forty years. It's the most infallible throat and lung medicine on earth. Unequalled for laryngitis, asthma, hay-fever, croup, quinsy or sore lungs. Price 50c, \$1.00. Trial bottle free. Guaranteed by Blackmer & Tanquary.

FOR RENT.

EVERYBODY'S BIBLE QUESTION BOX

YOUR BIBLE QUESTIONS WILL BE ANSWERED IN THESE COLUMNS, OR BY MAIL IF SENT TO THE EDITOR OF THIS JOURNAL.

Q.—Would you kindly explain the forty-third verse of the eighteenth Psalm?—"Thou hast delivered me from the strivings of the people; and thou hast made me the head of the heathen; A people whom I have not known shall serve me."

Answer.—Many of the Psalms of David are in the nature of prophecies, usually called Messianic Psalms, because they relate to the conditions and circumstances of Messiah's reign over the nations of the earth. From the reading of this eighteenth Psalm we would conclude that the verse quoted is descriptive of some of the features of the Messiah's experiences, both as to His humiliation and as to His exaltation. The first clause refers to the sufferings of the Anointed, when He endured the opposition of sinners and the persecution of His enemies. He was preserved and delivered out of these trials and sufferings by the grace and power of the Heavenly Father. Because of His obedience and loyalty to God, under the trying conditions under which He had been placed. He will be made Head over the nations (the heathen). In the time of His glorious reign all the nations, kindred and tongues will worship him. See Isaiah ii, 2-4. The people who have not known the Lord will then serve Him with one consent.

Your Opportunity. Ohio State Register--Washington Daily Herald's Your Opportunity.

GREAT OPPORTUNITY VOTING CONTEST

SEE OUR ELEGANT PRIZES.

Over \$1300.00

IN VALUABLE AND BEAUTIFUL PRIZES will be given to wide-awake and worthy young ladies or young men of Washington and surrounding territory in the **OHIO STATE REGISTER** and **WASHINGTON DAILY HERALD'S** Great Opportunity Contest, which opens today, Thursday, August 10th, and closes Saturday, September 30th, at 8 o'clock P.M. No other publisher in Ohio ever made so liberal, so tempting and so meritorious an offer to earnest, willing workers. Every one of the six splendid prizes is worth striving for. Some hustling persons are going to get the fine Pianos, Bedroom Suite, Diamonds or China Dinner Set, all elegant prizes that they would get in no other way. It is the opportunity of a life-time—the storied opportunity that comes but once. Take advantage of it. There's not a lady or gentleman who would not be delighted with one of these presents. Why not win one of them? You can if you will. The **OHIO STATE REGISTER** and **WASHINGTON DAILY HERALD** have offered the opportunity. They have done their part. Will you do yours?

First Grand Prize \$600 Schaff Bros. Player Piano

The first prize in the contest will be a \$600 Schaff Bros. Player Piano, and it will be given to the contestant who receives the most votes during the contest.

This instrument was purchased of J. A. Smalley, the local piano dealer, and will be on exhibition in the storeroom on West Court street next door to the T. C. DeWees gallery.

The WARRANTY on this superb instrument is absolutely UNLIMITED, and the winner of this beautiful prize can rest assured that he or she will receive an instrument that will stand the test of time.

The case is of double veneered mahogany, lined with maple. The carvings are all done by hand and are very artistic. It is the most simply constructed player on the market, one lever acting for the tempo, start, stop and rewind. The tone of this instrument has strength of character and individuality, expressed by its great volume and artistic quality. Through reason of the careful manufacture this instrument is durable; it has lasting qualities, the ability to stay in tune and to retain its initial tone.

This prize will beautify any home in Fayette county and the fortunate winner can always look upon it with pride. Call at Smalley's store on West Court street, next door to T. C. DeWees' photograph gallery, after next Tuesday, and examine this prize.

DISTRICT FIRST PRIZE \$200 Bed Room Suite

In Circassian Walnut, consisting of one standard sized Dresser, one Chiffonier with five large drawers, and one Bed with the new style roll top head and foot boards.

This suite would adorn a palace. It is a prize that will stand the test of time. It will ever be a thing of beauty, fit to hand down to children and grandchildren as an heirloom of Twentieth Century art.

This prize can be seen at the store of The Fayette County Hardware Co., where it was purchased. This firm's well known reputation for square dealing is a sufficient guarantee that this beautiful prize is all that is claimed for it.

DISTRICT SECOND PRIZE \$40 HAVILAND CHINA DINNER SET

This eighty-piece genuine Haviland China Dinner Set, which was purchased of S. S. Cockerill & Son, will be awarded as the District Second Prize.

Haviland & Co., the makers of this beautiful ware, and S. S. Cockerill & Son, the local dealers, guarantee each piece in this set to be absolutely perfect in every way. Each piece bears two stamps. The green one shows that the body of the article was made by Haviland & Co., while the red stamp is a guarantee that the decorations are also a work of this wonderful factory. When examining these dishes please note that they bear both the green and red stamps.

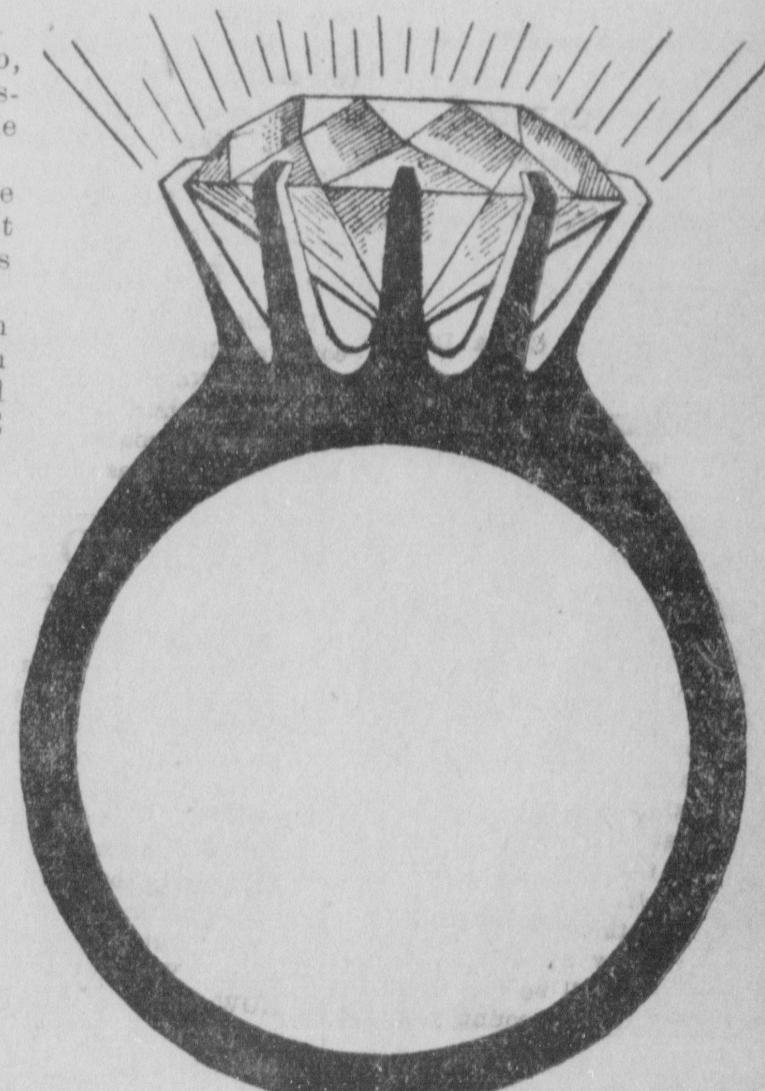

This ware is beautifully decorated in gold, and each piece has been kept free from water so that the monogram of the owner may be put on if desired. The set consists of the following articles: 12 Dinner Plates, 12 Pie Plates, 12 B. and B. Plates, 12 Teas and Sauers, 12 Fruit Sauers, 1 meat Platter, 1 Footed Salad Dish, 1 Baker, 1 Sauce Boat, 1 Covered Sugar and 1 Creamer, forming a prize that will not only be appreciated by the winner and admired by all her friends, but that is as good as money will buy.

DISTRICT FIRST PRIZE \$125 Diamond Ring

This ring was purchased at the store of C. A. Gossard & Co., who guarantee it to be a pure and flawless stone. If C. A. Gossard & Co. added not one word of assurance, this beautiful little gem would speak for itself.

The perfect color, correct cut and proportion give it the scintillating brilliancy that comes only in the perfect stone. It is a gem no better than which adorns the hand of royalty—it is a prize that any young lady may well strive for.

To the energetic woman who wins it, this beautiful gem will be as a legacy in the bank. Its value is eternal and can never grow less. The person who wins this prize is not required to take the ring which we have selected, but CAN HAVE THE CHOICE OF ALL \$125 DIAMONDS in the store of C. A. Gossard & Co.

DISTRICT SECOND PRIZE \$75.00 Diamond Ring

This stone, purchased of W. H. Hettesheimer, Jeweler, is not quite as large as the diamond offered as the District First Prize, but it is a good sized gem, perfect in color and absolutely flawless. It has a Tiffany setting, and will make a splendid prize for some worthy young lady.

W. H. Hettesheimer guarantees this ring to be exactly as it is here advertised, and the person who wins it can have their CHOICE OF \$75 DIAMONDS IN HETTESHEIMER'S store.

Young ladies, here is a chance to secure that coveted diamond. Perhaps you may never have the opportunity of getting another. Some person is going to be the proud possessor of this valuable prize. Why not you? It will not cost you a cent.

NEW ENTRIES MADE DAILY IN THE BIG CONTEST MANY NOMINATIONS NOW

Great Interest Being Shown in
Register and Herald's Big
Voting Contest

IT IS AN EASY MATTER TO WIN

One of the Six Valuable Prizes.
Do Not Hesitate Sending
Your Name in at Once.

The question that is agitating the minds of the people who are still hesitating about entering the Washington Herald and Ohio State Register's Great Contest is, "Can I win?" To those hesitating ones we answer loudly and emphatically, "Yes."

Just consider the value of the prizes that are offered and the short length of time given to win them and you will readily see how easily you can win.

Do you know it is possible to secure as many as 5000 votes for a yearly subscription? Well, it is, and many contestants are out gathering votes and some will soon have a vote of 5000 which they secured because they were not afraid to make the attempt. Let the following thought help you to decide about entering: Our doubts are traitors and make us lose the good we oft might win by fearing to attempt."

Do not hesitate and later in the contest, when you realize with what ease you might have secured one of the beautiful prizes, sit and morn over what you might have done. Be decisive and you will have the satisfaction of something accomplished. Your chance for winning one of these prizes is equal to that of any other person.

Just take a big deep breath, brace yourself and jump in and win a prize. Fill out a nomination ballot and bring it to the contest manager and get a receipt book and a few useful hints and see your friends and get their subscriptions. Remember you get votes for renewals and new subscribers. Get as many of them as you can now and you will not regret it.

HERE ARE THE PRIZES.

\$600 (Schaff Bros.) Player Piano.
\$265 (H. Link & Son) Piano.
\$200 Circassian Walnut Bedroom Suite.
\$125 Diamond Ring.
\$75 Diamond Ring.
\$40 Haviland & Co. China Dinner Set.

WHO ARE ELIGIBLE.

Any lady or gentleman living in Washington or in Fayette or adjoining counties will be eligible to enter the great contest.

HOW TO ENTER CONTEST.

It costs you absolutely nothing to enter the contest. All that is necessary is for you or one of your friends to cut a nomination blank from the Ohio State Register or Washington Daily Herald, fill it out with your name or that of a friend and mail or bring it to the Contest Manager at the Register-Herald office; that will start you in the contest with 500 votes. You may also clip the vote coupons which will be found in this issue and that will count you 100 more votes.

HOW TO GET VOTES.

Your votes in the contest will come mainly from subscriptions to the Register and Herald. Votes are allowed on both new subscriptions and on renewals to the Register and Herald. Votes will be allowed according to the following table:

THE REGISTER.

Anyone taking the Ohio State Register or Washington Daily Herald when the contest started, August 10, 1911, will be counted as an old subscriber. Those who subscribe after that date are counted as new. A subscription will not be counted as new if it is simply transferred from one member of a family to another.

No employee of the Ohio State Register or Washington Daily Herald will be allowed to participate in this contest as a candidate. Votes cannot be transferred from one candidate to another after they have been cast. In case of a tie, the value of the prize tied for will be equally divided between those tying.

WHERE THE PRIZES WILL GO.

The person who receives the largest number of votes in the entire contest will receive the Schaff Bros. Player Piano. The person who receives the second highest number of votes will receive the H. Link & Son Upright Piano with this restriction, that if the player piano is won in district No. 1, the upright piano must be awarded to the opposite district, or vice versa. In this way one of the grand prizes will be won in Washington and one outside of Washington. After the grand prizes have been awarded, the names of the winners will be stricken from the list and the holders of the first places will then be given the prizes known as District 1st prize. The same plan will be used in awarding the District 2d prizes.

Remember, three prizes will be given to each district, and each and every candidate will receive a square deal. One district will not have the advantage over another. District No. 1 will receive a grand prize and two district prizes. District No. 2 will also receive a grand prize and two district prizes.

NOTICE.

Bring your butter and eggs to the Market St. Grocery and receive the highest cash price for same.

HORLICK'S Malted Milk

The Food-drink for All Ages.

For Infants, Invalids, and Growing children. Pure Nutrition, up building the whole body. Invigorates the nursing mother and the aged. Rich milk, malted grain, in powder form.

A quick lunch prepared in a minute. Take no substitute. Ask for HORLICK'S. **Not in Any Milk Trust**

Address all communications to the Contest Manager, Register-Herald, Washington C. H., Ohio. See the Contest Manager for instructions and all details of the contest.

THE DISTRICTS.

District No. 1 comprises the incorporate limits of Washington C. H. District No. 2 comprises the county of Fayette outside of Washington and the adjoining counties, including the towns and villages therein.

DOUBLE VOTES FOR NEW SUBSCRIPTIONS FOR ONE WEEK.

In order to make the contest doubly interesting at the very start we are going to offer Double Votes for every NEW subscription for 10 weeks or longer which any of the contestants or their friends turn into this office up until Thursday evening, August 17, at 5:30 o'clock.

That is to say each NEW subscriber will count double votes if turned in before 5:30 o'clock on Thursday, August 17. If you get a 10-weeks' subscription you will get 1400 votes or just double the regular number. A 6 months' subscription will entitle you to 3600 votes. But renewals for one year count only the regular number of votes. You can see, therefore, that it will pay contestants to hustle now for NEW subscribers for 10 weeks, 6 months, a year or longer.

Double votes will be allowed on all subscriptions to The Ohio State Register for one, two or three years or more.

This is the most advantageous offer and is made to encourage contestants to pile up a great big lead in votes at the very beginning.

Don't let this opportunity get away from you. Sign the nomination ballot at the lower left hand corner of the big page announcement, or have a friend do it for you. That will give you 500 votes to start with. You are then right in the contest. Fill out the ballot in the other lower corner of the page, and you have 600 votes. Then get right out and find a new subscriber for a 10 weeks and then you will have 2000 votes. Better still, get him for 6 months, and you will have 4200 votes. Don't you see how the votes will pile up?

But the best thing to do, perhaps, after you have signed the nomination ballot is to telephone to the Contest Manager for a receipt book, which will be sent to you by the first mail. And then very soon one of the Contest Men will see you and tell you just how to proceed to get the most votes and win. But keep right ahead getting new subscriptions and give the receipts afterward.

If you do not understand all about the plan, come to The Herald-Register office and you will find gentlemen who will take pleasure in explaining every detail. Let "Hus tie" be your motto and never let up till you win.

SUPPER.

There will be a supper at Mount Olive church, next Tuesday evening, August 15, beginning at 5 o'clock. Everybody invited.

Denies Panic Stories Head of Company

(Continued from page one.)

ber, 1901, that it took serious measures to keep it from going to the wall, and that its condition was a cause of serious concern to the men who were trying to save the situation. Mr. Thorne testified that the Trust company of America on the contrary had \$50,000,000 of assets, \$10,000,000 in surplus and \$2,000,000 of cash. Despite the strain to which the institution was subjected in 1907, it weathered the storm without impairment of capital.

Mr. Thorne's story began as soon as Mr. Perkins quit the stand and was followed intently by the committee members.

Face Wreathed in Smiles.

When Mr. Perkins was told that the committee had finished with him, his face was wreathed in smiles. He had been on the stand four days and been subjected to a severe cross-examination.

"You don't mean to tell me you are through with me?" exclaimed Mr. Perkins, as Chairman Stanley announced that the witness might be excused. "Yes, and we thank you for your courtesy," replied Mr. Stanley. "I hope I have been of some aid to the committee," returned Mr. Perkins. The New Yorker tarried a while to listen to the testimony of Mr. Thorne, but he had quit the hearing room long before Mr. Thorne reached the hub of his story.

To the committee, at least, the most interesting feature of Mr. Perkins' testimony was that in which he recommended the creation of a commission to govern the activities of corporations. This brought a reply from Representative Littleton of New York, Democrat, that a commission would soon be named to inquire into industrial and commercial conditions with a view to making a report and suggest amendments to the Sherman anti-trust act.

E. E. Chamberlain, of Clinton, Me., boldly accuses Bucklen's Arnica Salve of stealing—the sting from burns or scalds—the pain from sores of all kinds—the distress from boils or piles. "It robs cuts, corns, bruises, sprains and injuries of their terror," he says, "as a healing remedy its equal don't exist." Only 25¢ at Blackmer & Tanquary.

PREACHER DISCOVERS FIRE EXTINGUISHER

PARIS, (Special)—A poor preacher, the Abbe D. Daney has invented a fire extinguisher which proved so effective when exhibited before a committee of scientists at Paris that he has been decorated by the French government.

Preacher Daney's parish is at Jocouean, a forest, village on the sea near Bordeaux. His parish was almost destroyed by fire in 1906 and since that time he has been studying a means of saving his people in case of another fire.

Abbe Daney after nine times injured in explosions in his laboratory, twice so that his life was despaired of, discovered a new salt by passing 5,000 amperes of electricity through an electric furnace. While the mixture will extinguish flames better than any other known chemical, delicate fabrics dipped in the solution are practically as fireproof as asbestos.

C. D. MALCOM

IN THE SPORTING WORLD

SPORT LETTER

Cincinnati, Aug. 11, 1911.

Nearly every season some lowly team bobs up at a critical stage of the championship race, and by a few well-directed blows, proceeds to kill the pennant hopes of some high-class, aspiring aggregation. That was the sort of performance the Reds gave in the recent series with the Phalidaphias. Capt. Mike Doolan and his athletes came to town, determined to make a clean sweep of it with the Reds. Hadn't they found them easy picking before, and was there any reason to suppose that they would be any different on this occasion? Sure thing. So Doolan and his crew figured those contests to be played on the local greesward as being part of their winning percentage. But when they left town Sunday night it was with nary a Red scalp hanging from their belts, with three defeats chalked up against them, and with their pennant hopes largely blasted. Last year it was the St. Louis Cardinals that put the New Yorks out of the running, and the year before that the Reds, by a few unexpected victories over the Giants, allowed Pittsburgh to come home with the coonskins. Moral: Beware the lowly team at the time the fight for the flag is hottest.

The Reds will have another opportunity of placing ashes on the sliding track to the pennant next Sunday, when they meet the Pirates in a double-header on the local lot. Clarke's men have been going good of late, and at several stages have threatened to change places with the Chicagoans. It is possible that they will do so as a result of this double-header—or it is possible that a pair of defeats on the occasion of that meeting will result in their being pushed just far enough down the ladder to keep them from making the necessary hot finish when the time comes. The Reds now are playing a higher game of baseball than at any time this season. The infield appears to have braced up, the pitchers are working better, and more judgment is being exercised on the bases than heretofore. Under these conditions Griffith's men are certain to be dangerous for the rest of the season, even though they do not reach a higher position than that which they now occupy.

There's quite a crop of youngsters promised for the local team by the time they return from their next eastern trip, which begins next week. Among those who are certain to be on hand for a try-out are Pitchers Crompton of Dayton; Boyd of Ottumwa, and Benton of the Southern league, the latter a left-hander. Then there will be Catcher Murphy of Dallas, and Catcher Murphy of the Central association; Second Baseman Benson of Dayton, and three men of various positions from California. There may also be several others added in the meantime, but the above are certain, not forgetting the sensational Arthur Phelan, third baseman,

Russia in Europe has 575,000,000 acres of forests and about 350,000,000 acres in Asia. Italy has 10,000,000 acres of forests.

who also comes up from the Southern league. Manager Griffith has instructions from President Herrmann to try out these youngsters as fast as they report, so the fans will have something besides the fight for position to interest them during the closing week of the season.

Cincinnati is making big preparations for the motor boat race and the big automobile road race which will be held in connection with the Fern Bank dam celebration during the week of September 4. The motor boat races, with which will be combined other aquatic sports, will be held on the Ohio river opposite the central portion of the city on Thursday afternoon, September 7. The automobile races will be held over a course north of the city, there being four races at distances ranging from 125 miles to 250 miles. The course will be about seven miles long and will be put in perfect condition by the county commissioners as this is the first race of the kind ever held in this section, being conducted along the lines of the Vanderbilt Cup and the Savannah Grand Prize races, it is certain to attract thousands of people from all sections of the country. It is expected that there will be at least twenty-five starters.

Does it pay to be a successful pugilist? Jack Johnson has just made a contract with Hugh McIntosh for a series of battles covering a period of one year, during which time McIntosh guarantees that Johnson's share of the proceeds shall be not less than \$125,000, the contract also providing that McIntosh shall have the option of renewing the contract for another year at the same figures. In other words, Johnson seems to have a cinch on getting \$250,000 during the next two years—and all because he was handier with his fists and shifftier on his feet than Jim Jeffries. Sam McVey, Bill Lang, Bill Squires and Sam Langford are some of the men whom Johnson will meet during the first year of his contract with McIntosh, a majority of his battles being scheduled for Australia, for whence he will depart shortly.

With the failure of the racing bills in the New York general assembly to loosen up the turf game in the Empire state, it looks as if Canada would now be the logical racing center of the American continent. Eastern and western turfmen are looking to Canada as the place where the best results may be obtained, and these results now are being felt in the manner in which the Canadian government and the Canadian racing officials are fostering the game. More horses and better racing are the results of this freedom of turf matters in the Dominion, and it is expected that these conditions will improve from year to year. There does not seem to be much hope for improvement in this country, and we'll have to continue in the half-hearted way in which things have been going for some seasons.

Another Fast One Promised Tomorrow

Tomorrow afternoon at 2:30 o'clock the local ball tossers will cross bats with the Chillicothe team. The reputation of the visitors puts them in the same class with the high class amateur teams which have played here this season and if they prove that the reputation is justified a rattling good game may be expected, as our boys are "on their toes" and going along at top speed.

Tomorrow afternoon promptly at 2:30 the game will be called.

AMERICAN HORSEMAN QUILTS ENGLISH TURF

London, (Special)—Britons are much puzzled to understand why Walter Winans, the American horseman who lives in England, should finally have made up his mind to sell out in England and devote himself to the turf in Austria and Russia. Was it because of trouble with the controlling body of the English horse shows? a reporter for the Sussex News asked, point blank.

"I'd rather not answer," replied Mr. Winans, "but people may think what they like about it."

But whatever may be the American's relations with the horse show authorities there is no question that the former is tired of British taxation, for he was "unblushingly candid" in saying so, as the News reporter expressed it. He had already contributed about \$1,000,000 to the government, he said, and thought that was nearly enough.

A Threat.

Jack—"Minnie, if you'll be mine I'll treat you like the courts treat the Standard Oil Co."

Minnie (indignantly)—"What do you mean?"

Jack—"Fine."

Comforting.

Jones (sick)—"My dear, what will you do if I should die?"

Mrs. Jones—"Is your insurance all paid up?"

Jones—"Yes, dear."

Mrs. Jones—"I'd have the loveliest mourning gown that's ever been seen on this street."

THE OUTLET

PERPETRATED BY WALT McDougall

LOCAL NEWS NOTES.

Postmaster Danny Waffers was operated on by Doctor Glass yesterday and his appendix was removed. This is the first time anybody got anything from Danny and it was only done by the aid of ether. Danny says he had no use for the darn thing anyhow.

YOU GET THE BENEFIT FREE.

There is no water to be obtained near Washington that is fit in its raw state, to be used to wash clothes. At an expense of over \$2,000, we have installed in our laundry a water softening and purifying system, that makes the city water clear as a crystal and soft as rain water. We installed this system because it is really necessary to do the best grade of laundry work. Our patrons get the benefit of the cost of the plant and its operation absolutely free of charge.

Clothes Washed in Soft Water Last One-Third Longer.
